Township Gets \$6,323 Surplus From 1955 Tax Collection, \$484,802

Collector John Horan Gives Report of Money Received and Spent

The town of Antioch received \$6,323.89 as the residue of township collections which would not have been received were all collections made by the county treasurer's office, Town Collector John L. Horan announced in his yearly report after final settlement.

Horan's total collections for 1955 were \$484,802.01. He paid to County Treasurer Guy O. Lunn for the county, \$36,070.93; for dog tax \$156.80; costs \$19.77; penalty \$112.71; and extension fees, \$5,531.95, a total of \$41,899.95.

Horan in addition paid to Supervisor Lloyd E. Murrell for the town fund, \$22,019.03; for the road and bridge fund, \$13,541.42; and for the special gravel tax, \$10,821.71.

To Martha Hunter, village treasurer, he paid, for road and bridge tax, \$1,680.55; and for the general fund, \$9,579.38.

Helen Scott, library treasurer, received for the library fund, \$6,016.06.

Mrs. Helen Nelson, serving as school treasurer, received the following amounts:

Dist. 17, \$149,367.28; Dist. 34, \$103,034.99; Dist. 27, \$3,431.52; Dist. 31, \$3.74; Dist. 33, \$9,513.74; Dist. 35, \$24,139.88; and Dist. 36, \$30,582.31.

E. K. Hart, school treasurer of Dist. 41, received \$1,481.87.

Gladys Olsen, school treasurer, received for Dist. 24, \$514.80, and Dist. 10, \$15,158.02.

Margaret Flood, school treasurer, received for Dist. 24, \$514.80, and George Richardson for Dist. 9, \$1,847.31.

Irving Elms, treasurer of Antioch Fire district, was paid \$3,425.97 and M. J. Clemenson, Grant Township Fire District was paid \$383.50.

Pays Out \$3,372.16 Expense

Two per cent of the total collection was paid over to John L. Horan, collector as covered by Illinois Statute to the amount of 2 per cent of the total collection \$9,696.05. He does not keep this amount, however.

The expense account shows that regardless of the amount of 2 per cent collections, Horan received but \$1,500 salary. The rest was spent as follows:

Clerk hire, \$549.75; auditing of four tax books, \$400; premium for collector's bond, \$100; postage for mailing, \$210.35; bank services, \$72; janitor service, \$10; printing and advertising, \$107.80; tax statements prepared by county treasurer, special envelopes and mailing, \$346.80; office supplies and telephone calls, \$71.10; help-up insurance, \$3.50, a total cost of operation amounting to \$3,372.16.

This subtracted from the \$9,696.05 Horan received accounts for the \$6,323.89 surplus that was turned over to the township.

Weather for November Colder Than Average; 22 Days of Freezing

Winter has set in early and the month of November has been an unusually cold one, reports of Co-operative Weather Observer Roy Kufalk reveal.

There were 22 days in the month in which the mercury fell to 32 degrees (freezing) or below and the coldest was one below zero on November 28.

The warmest the month recorded was 58 degrees on the 15th.

Ice is now heavy on most of the inland lakes and ice fishing is in progress.

There were four inches of snow during the month most of which fell on the 3rd and 19th. The total precipitation was .87 inch, which shows the month quite dry.

It is said that the winter so far is 93 degrees (accumulative) colder than the average, which makes the fuel dealers happy and lessens the amount of money available for Christmas gifts.

Incidentally the cold and snow has hastened the Christmas spirit.

Central Cagers to Have Busy Season

Eight conference games and ten non-conference games are on the schedule for Central High school basketball teams this season. First game of the season was played November 29 at St. Mary's of Burlington, with Central the winners. Schools in the conference are Port Washington, Watertown, Cedarburg, Menomonee Falls, and Central.

Pheasant Season Closed
The pheasant hunting season closed yesterday. Most of the local hunters had some success in their hunting this year.

Today Is S-D Day

Today, Thursday, December 1, 1955, has been designated Safe-Driving Day by President Ike Eisenhower.

It is the day when the efforts of the entire nation are concentrated in an effort to have a twenty-four hour period free of traffic accidents to save money, broken bones, suffering, anguish—and LIVES!

It can be done . . . but only if ALL drivers make an effort to drive safely and courteously on this day.

Death on the highways stalks each driver who violates good driving practice, and the most frightening aspect is that the bad driver not only endangers himself and his passengers, but other users of the roads as well.

IT CAN BE DONE . . . if we all drive courteously. Who are the courteous drivers?

They are those who will:

Pull to the right to let another car pass;

Not follow the car in front too closely—"tailgating" is dangerous.

Allow cars from side streets to enter the traffic stream;

Slow down to prevent splashing pedestrians;

Wait for walkers to pass before making a right turn;

NEVER rely on the other fellow to prevent an accident.

By following these simple rules of "courtesy on the road" you will help make a success of S-D Day on December 1.

Observance of these rules through the year will save thousands of lives, and countless injuries

Antioch Nips Richmond, Grayslake Here Friday, Grant Here on Tuesday

With the scalps of Libertyville-Fremont High and Richmond-Burton already under their belts, the Antioch Sequoits will open their conference basketball season here Friday night against Grayslake.

A preliminary by the sophomores of the two schools will start at 7:15 and the varsity will take the floor at 8:30. This same arrangement will prevail when the Grant Bulldogs come here next Tuesday evening to take on the Sequoits. The game is transferred from Ingleside because of lack of playing facilities there.

Antioch defeated Richmond-Burton there Thanksgiving eve 69 to 59. The first half of the game was nip and tuck with the score at the quarter standing 14 to 10 in favor of Antioch and at the half 32 to 27.

During the third quarter the Sequoits widened the gap to a 48 to 31 lead and Coach Larry Leon took advantage of this situation to send in less experienced players. They continued to make the game interesting and edged Richmond in both quarters.

Al Reckers, speedy guard, Antioch, was high point man with a total of 26 points. J. Christianson, for Richmond was a close second with 23 points.

Antioch players improved on their shooting, making 31 of their 75 attempts for a 43 per cent average. This was better than the Libertyville game in which they made 41 per cent of their shots.

Supreme Court Upholds Zoning Board Reject Of Engle Zoning Plea

The Illinois Supreme Court has upheld the Lake County Zoning Board of Appeals in its rejection of a request of the N. H. Engle and Sons for rezoning of portions of the Lindenhurst area at Venetian Village.

The real estate firm had sought permission to rezone a portion of the land of the former Lehmann estate along Grand Ave. for use as a shopping center, a rest home, and for light industry.

The Engles sought a declaratory judgment overruling the zoning board, alleging that failure to do so would reduce the value of the land. Buildings that were formerly barns could be used for industry and the commodious residences for a rest home.

The Zoning Board, upheld by the state in the matter, according to Assistant State's Atty. Walter Ulick, accepting the premise that the change was merely sought as a commercial advantage, would reduce valuation of property for tax purposes, and would increase the traffic hazard at that point on Grand avenue.

Atty. Tom Moran Seeks Republican Nomination For State's Attorney

Thomas J. Moran, 35-year old attorney with offices at 15 N. County st., Waukegan, today announced his candidacy for the Republican nomination for State's Attorney of Lake county in the primary elections of April 10. Moran is the first to officially announce his candidacy.

Born into a pioneer Lake county family on July 17, 1920, Moran has lived all of his life in the county except for the time he served in the United States Coast Guard in World War II, while in college. He attended elementary schools in Waukegan and graduated from Waukegan Township High school in 1938. He attended the University of California at Los Angeles, Northwestern University at Evanston, and graduated from Lake Forest College in 1947 with a B. A. degree. In 1950 he graduated from Chicago-Kent college of law with a LL.B. degree. He was honorably discharged from the Coast Guard in 1945 after two years of service.

The young lawyer lives with his wife, the former Mary James Wasniewski of North Chicago and their four children at 415 Deepwater rd., Lake Forest, but has purchased a new home at 2424 Sunset Ave., Waukegan, and will move in early this month.

Combination Mailing On Sixty-Day Trial By Postoffice Dept.

A letter or message can now be mailed inside a package or publication for the first time in United States postal history, Postmaster General Summerfield said today in announcing a new "Combination" mail service.

Effective Monday, November 28, 1955, all the mailer needs to do is indicate the presence of the letter or message inside the package and pay the appropriate postage on it plus postage for the package itself.

"The familiar phrase, 'we are sending under separate cover' can now join other nostalgic reminders of by-gone days," Mr. Summerfield stated. "The mailing of two classes of mail together has been permissible for some time through the use of separate but attached envelopes and containers, and will continue to be available.

"The new 'Combination' mail service, however, meets a genuine need not satisfactorily met by other make-shift arrangements and confusing technical procedures. It is one more improvement to add to the list of more than seventy procedural changes that the present postal management has adopted for the convenience of postal mailers and patrons, and for the betterment of the postal service."

Under the new "Combination" mail service, letters or other single pieces of either First or Third-Class mail may be placed inside Fourth Class parcels or inside copies of publications mailed under Second-Class mail entry. Letters or other single pieces of First-Class mail may also be placed inside Third-Class packages.

The postage for each letter, and for each single enclosure at the appropriate First or single-piece Third-Class rate, must be affixed to the outside of the parcel.

A statement reading "First-Class Mail Enclosed" or "Third-Class Mail Enclosed" must be placed on each parcel below the postage and above the address. This endorsement may be handwritten, printed, or put on by (continued on page 7)

John T. Fishback, 87, Buried at Lemont, Ill.

John T. Fishback, Sr., 87, Little Silver Lake, died Saturday at 12:27 p. m. following a brief illness.

He was born December 2, 1867 at Orland Park, Ill. He lived in Chicago for a few years before moving to Lake county 37 years ago. He was a member of St. Peter's church. He was engaged in the ice business all of his life.

Survivors are four daughters, Mrs. Margaret Morris of Elgin, Mrs. Myrtle Krossman, of Vandalia, Ill., Mrs. Edna O'Brien of Bryant, Wis., and Mrs. Violet Cobb of Antioch; two sons, John Fishback, Jr., Zion, and Martin Fishback, San Francisco, Calif.; twelve grandchildren and thirteen great-grandchildren. His wife Ellen Kavanaugh Fishback, preceded him in death August 5, 1918.

Funeral services were held at 9:30 a. m. Wednesday at St. Peter's church. Interment was at St. James on the Sag cemetery, Lemont, Illinois.

Oakwood Knolls Group Plans Shelter at North Avenue for School Pupils

Residents of Oakwood Knolls subdivision are planning to erect a shelter 12 x 12 feet in dimension which will be placed on North ave. at Oakwood dr. for the benefit of the school children.

The school district is unable to make its round within the subdivision to pick up the children, so the parents are arranging to get a conveyance that will take them to the main highway where they will be sheltered by the new structure until the regular school bus picks them up.

There are now 18 pupils in the new subdivision and the number will increase as new homes are built.

The community got permission of the county highway department to place the shelter 25 feet from the center of the road and it is said that material for the structure will be furnished through the courtesy of the Antioch Lumber Co.

Atty. Anton Pecora, a new lawyer in Antioch, is in charge of the arrangements, and the Oakwood Knolls Civic Association of which Emil Ehnert is president, is backing it.

Rescue Squad Aids Mother, Babe Born on Skokie Highway

The Antioch Rescue Squad went to the aid of a mother and a new baby born at 8:10 a. m. Monday in an automobile on Skokie Hwy. just south of Rte. 173, rushing them by ambulance to the Great Lakes Naval hospital which was their destination.

Mrs. Lucille Marie Lazzell, 1681 Hopkins st., Milwaukee, was being taken to the naval hospital by her brother when the baby arrived ahead of schedule. A woman residing on Rte. 41 helped care for the mother and her little girl until the first aid men, Everett Oftedahl and the Rev. Edmond Hood arrived. The mother and babe were made comfortable in the heated ambulance and arrived at Great Lakes in excellent condition.

The father of the child is in military service. The baby has been named Valerie.

Famous Baritone Will Appear in Minstrel Show of Antioch Band

John E. Runge, of Lake Villa, first place winner in the bass-baritone section of last summer's Chicago and Music Festival will sing at the Minstrel Show being presented by the Antioch Community Band at the Antioch High School Auditorium Friday and Saturday nights, Dec. 9 and 10.

Runge is a graduate of Loyola Academy and during his school days was very active in sports having held the shot put record of 53½ feet, and was a star player as fullback on the football team. Runge's coach predicted that he was destined to be an "All American."

These athletic activities were cut short when Runge was almost completely paralyzed by polio in 1941. When he left the hospital he was encased in steel up to his shoulders. Runge determined to conquer his handicap by devoting his life to building a career as a singer and now is gifted with such a strong wonderful vocal organ that his voice does not need the use of a microphone to bring out his splendid tone and vibrance.

Runge auditioned for the world-renowned baritone, Giuseppe di Luca who predicted a great career for him as a singer and offered him a complete scholarship. Unfortunately, di Luca passed away one month later, and Runge then started studying seriously in Chicago, and is now studying at the Ruth Singletary Studios.

Runge has appeared in concert many times in and around Chicago and recently had several television appearances, including the Studs Terkel "Brief Case." Runge now has several commitments to appear on television in New York early next year.

Runge will be accompanied by Mrs. Ruth Singletary, of the Singletary Studios at Chicago. Mrs. Singletary is prominent in the music world having made a career of helping young singers place themselves in opera, oratorio, and concert. Many of her students are now appearing in WGN Theatre of the Air, in the Chicago symphony, in the San Carlo Opera Company and other major opera companies, including the New York City Opera Company.

Methodist Men's Club To Dine on Venison

Venison will be on the menu of the dinner of the Methodist Men's Club when it meets at 6:45 p. m. Monday at Wesley Hall. The meal will be served by women of the W. S. C. S.

Entertainment will be movies of wild life. One film will be "The Canada Goose," and another "Water in Life."

Members of the club may bring guests.

Completes Eight-Week Course

Aberdeen Proving Ground, Md., Army 2nd Lt. John C. Hojem, Jr., 22, whose parents live on Route 3, Antioch, Ill., recently completed the automotive maintenance and repair officer course at the Ordnance School, Aberdeen Proving Ground, Md.

The eight-week course trained Lieutenant Hojem to supervise track and wheel vehicle maintenance and repair.

Hojem, a 1955 graduate of the University of Illinois in Urbana, entered the Army last July.

1,920 Children Greet Their Patron Saint at Close of Big Parade

Antioch Merchants Have Big Line of Merchandise For Choices

A total of 1,920 children, the largest number in the history of Antioch, greeted Santa Claus when he arrived here Saturday forenoon.

The roar of an airplane over the business section heralded the approach of Santa who lost no time in joining a parade of floats and trucks headed by the Antioch High School band, the fire department and the Rescue squad equipment. The procession was from the high school to the intersection of Broadway and Orchard st.

For more than seven hours after he seated himself at the Rescue squad station Santa Claus never left his chair, but greeted a continuous line of youngsters to whom he gave candy and received their requests for presents.

The event was a wonderful success and touched off the Christmas spirit for the village.

The Lakes theatre was crowded all afternoon by children taking advantage of the offer of free movies as guests of the Chamber of Commerce which footed the bill for the activities of the day.

Antioch took on a Christmas-like appearance soon after Thanksgiving. Store windows are decorated, the badges and colored lights have been attached to the light poles, and merchants have their holiday goods on display.

The cold weather and snow brought the Christmas spirit a little earlier than usual and holiday shopping has already started.

Antioch merchants have an unusually good line of merchandise this year from which gifts may be selected.

Former Antioch Builder Dies at Antigo Nov. 19

Carl Zilke, 82, Antigo, Wis., died Saturday, Nov. 19, at an Antigo hospital as a result of old age and complications following a cold.

Zilke is well known here, having been a resident of Antioch for a good many years prior to his retirement and move to Wisconsin.

He was born in Germany in 1873, and came to America at the age of 20, settling in Buffalo, N. Y., where he engaged in farming. After a few years he moved to Milwaukee and to Chicago, finally coming to Antioch in 1936, where he engaged in the building trades.

He leaves three sons, Henry, of Rogue River, Ore., Ray, of Hardin, Montana, and Fred, of Bristol, Wis. One daughter survives, Dr. Eleanor Thill of Torrence, California.

Funeral services were held in Antigo last Wednesday, and burial was at Antigo cemetery.

Today Is S-D Day; Effort to Achieve Accident-Free Day

On December 1, Illinois joins the nation in a concerted effort to achieve an accident-free day, a day devoted to saving lives on America's streets and highways. Here is a real challenge to each of us to help make S-D Day a real success.

As one step toward this goal, motorists must heed traffic signs. Carl A. Miller, a Chicago Motor Club director serving as Illinois S-R Day committee chairman, points out that these signs are posted for the guidance and protection of motorists—not their hindrance. Miller adds, "Studies show that 5 of every 100 accidents involve the disregarding of 'Stop,' 'Danger,' 'Slow,' 'Curve' and similar warning signs. Five per cent of our accidents can be prevented if we observe these warning signs."

Launching December with S-D Day was done with careful design. It is a month that usually chalks up one of our worst traffic accident records. Last year during December there were 202 fatalities in a total of 13,435 traffic accidents in Illinois.

Hospital Notes

Victory Memorial Hospital reports Martha Kehoe and Patricia Kennedy of Antioch as medical patients, and Carl Hattendorf of Antioch as a surgical patient. A son was born Tuesday to Mr. and Mrs. Howard Laursen of Antioch.

End of an Old Wives' Tale

Retail and wholesale meat prices have been declining of late, as a result of abundant supplies. Decreases have been especially marked in the case of pork, and all cuts are being offered at extremely attractive prices in the stores.

This is good news for the millions of people who relish pork in one or another of its forms. And it is good news for an additional reason—sound and healthful diet.

Pork, like many other foods, has been the victim of old wives' tales that are a part of legend but have no basis in fact. Among the mistaken ideas that have been handed down over generations is the belief that pork should not be eaten by women during pregnancy and the nursing period. At one time even professional people believed this. Now, however, it has been scientifically established that the opposite is true—that pork is of major value to the mother-to-be and the new mother.

The reason is found in the requirements of nature. Pregnant and nursing women require larger than usual amounts of certain vital nutrients. During and after pregnancy the body stores up increased quantities of protein, iron, lactose and minerals. Pork meat is an excellent source of many of a woman's special requirements. Its high thiamine content is especially important—few other foods contain as much. So are the fatty acids found in the fat of pork.

This is simply one example of how pork, low in cost now, performs vital service to the body even as it pleases the taste buds.

Danger!

If public ownership were the answer to any area's electric power problem, Nebraska should be in a splendid position. For it is the all-public-power state.

However, the realization seems far away from the ideal. The Omaha World Herald, in an editorial entitled "Disaster Approaching," says, "The out-state Nebraska public power districts urgently need more electricity to meet the growing demand"—and if they don't get it pronto, brown-outs and black-outs are inevitable.

A short time ago Nebraska's Governor Anderson told a meeting of spokesmen for these districts: "You've been working on this problem two years."

Something should have been done to start a power generating plant a year ago, two years ago. We must have a solution!" But no solution has as yet appeared.

The World-Herald describes the situation thusly: "The public districts have become so enmeshed in controversy among themselves, in rivalry and jealousy, that they cannot agree on which one of them shall build the needed generating capacity. As a consequence, nobody builds it—and the economy of most of the state is in danger."

The lessons of history still obtain. Socialism—on whatever level of government—usually produces stagnation and discord. And the people pay and suffer.

Yes, Advertising Pays

A retail grocers' association reports that of every 100 customers put on the books of any store in any one year, only 19 remain after 10 years. Citing this, the Sandersonville, Georgia, Progress, says: "Merchants who believe 'everyone knows where my store is' might ponder these figures and seek more new customers through planned newspaper advertising in the home town newspaper."

Competition is mighty keen in retailing these days, and the successful merchant must vigorously go after business. The home town newspaper is still the best place to advertise any store's wares and attractions.

The Low Down From Hickory Grove

Trouble, trouble, it has been such ever since Adam—since Eve, I reckon would be better. But the trouble I am probing today is political. The democrats, since Uncle Ike got himself indisposed, are circulating in circles—the smaller fry republicans are getting haircuts and a new suit and their shoes shined, and are appearing on the scene.

Now, since everybody wants a good and prosperous business and we now have our jeans laden with foldin' do-re-mi, howcome these outsiders figure anybody wants any new theories injected into the picture. Uncle Ike's prescription for good business has made a man of us—our Nation, that is. When the Old Boy gets his sea legs back he will get his crew together—give 'em a pat on the back—and business will take on added confidence. There are not too many democrats nor too many republicans in our land—there is just a surplus of little ones sashaying around.

But trouble—we were brought up on same since Adam—we will survive. Harken to the old New Orleans negro song:

"Tell yuh 'bout a man wot live be-fo Chris—
His name was Adam, Eve was his wife.
Tell yuh how dat man he lead a rugged life,
All be-cause he tak-on de 'ooman's ad-vice
She made his trou-ble so hard—
She made his trou-ble so hard—
Lawd, Lawd, she made his trou-ble so hard.
Yas, indeed—his trou-ble was hard."

Dear Friends:

Friendly relations can be strengthened by an occasional get-together, especially during the Holiday Season. A holiday party brings you closer to each individual in your group, in friendship and understanding. Many of us think about getting a party together, but few of us do anything about it because there is a great deal of work to planning a party—one you can be sure will be successful.

We will take pride in doing this job for you with our guarantee that your party will receive our special attention and be conducted in a pleasant atmosphere, run smoothly, and that the service here at Smart's will please every member of your group. Facilities are the utmost for banquets, business gatherings, etc., and you can be assured the prices are always reasonable.

We will appreciate the opportunity to make our services and facilities available to you . . . Let us hear from you soon so that we can work out the details of YOUR party.

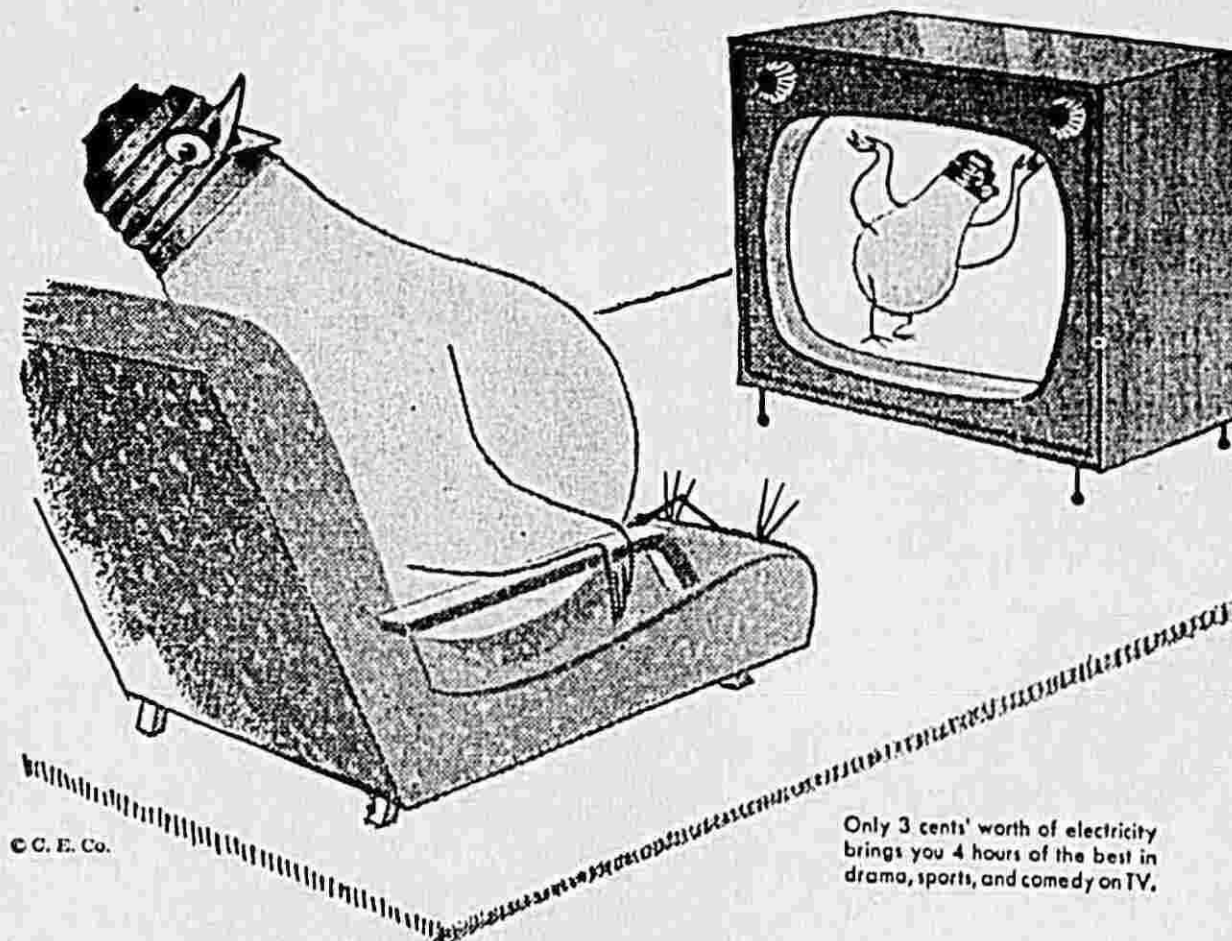

Sincerely yours, for a pleasant Holiday Season.

"LITTLE BILL" your electric friend, says:

**"Hours of entertainment
for just pennies!"**

© C. E. Co.

Only 3 cents' worth of electricity
brings you 4 hours of the best in
drama, sports, and comedy on TV.

How Public Service Company keeps your
electric bill down (while everything else goes up)

Most things have doubled in price . . . but not electricity. Although you're using far more of it today, electricity actually costs you less per kilowatt-hour than in 1930.

One way we keep your electric bill low is through continuing research. Our engineers have found many ways of increasing efficiency of all kinds of standard equipment. Recently, for example, they added 15% to the load-carrying capacity of "pipe-type" cable simply by burying the line deeper.

As a result of this constant search for a "better way", today you're getting almost twice as much electricity for your money as you did 25 years ago.

A Famous American Ship

With engines made in Germany and an iron hull built in Scotland, the DELTA QUEEN began her career as cargo aboard a freighter bound for California. Rebuilt at sunny Stockton, she there acquired her four passenger decks and an American flag. Years of successful service on the Sacramento river followed for this giant sternwheeler craft. War work as a ferry in San Francisco harbor, and then a period of lay-up set the stage for her sale to the Greene Line of Cincinnati. Her voyage at the end of a tow rope from San Francisco around to New Orleans was a thriller, for her draft was only seven feet. Today the DELTA QUEEN is flagship of one of America's last passenger steamboat lines on our inland waterway system. Our merchant marine does not only include deep-sea vessels, but also river craft such as this fine vessel. River and waterway vessels are again coming into their own as a major link in our transportation system, reports the American Merchant Marine Institute.

ALL-STEEL BEAUTY at a steal of a price

The 1956 Buick SPECIAL 4-Door, 6-Passenger Estate Wagon

IN NO uncertain terms, this one makes your travel hours prideful as well as practical.
It's all Buick, you see—all 1956 Buick.

Which means a new lift to anyone's spirit—from the new sweep-ahead look of it—the new might of its 322-cubic-inch V8 engine raised to lofty new power highs—the new sizzle of its advanced Variable Pitch Dynaflo*—the true sweetness of its great new ride.

But it's a lot more than that.

It's Buick's highly versatile Estate Wagon—now substantially lowered in price for 1956—and how much more practical can you get than that?

For with this one, and for an easy-to-reach figure—you

have a car with all the suavity of a smart sedan plus the all-duty handiness of a suburban vehicle. You have a car completely steel-bodied, so its exterior upkeep stays simple and inexpensive—and a car more than roomy enough to carry six and their gear.

You have a covered platform that's plain wonderful. It can take an inflated air mattress. It can freight a small rowboat and camp equipment. It can hold luggage, or golf clubs—or the results of a mad shopping spree, even if you go in for antique furniture.

You can even have the rear seat come, at your option,

in a handy split-section that lets you carry both rear-seat passengers and extra-long loads like skis, or fishing rods, or young trees, or two-by-fours.

So what more can we say, except come see it.

The Estate Wagon is available in Buick's two lowest-priced Series—the budget-tagged SPECIAL, and the high-powered CENTURY. And, we repeat, both newly lowered in price for 1956.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Large Crowd Attends 15th Anniversary Party of Antioch Assembly of Order of Rainbow for Girls

Women to Hear Story of Christmas Carols at Meeting Monday

"The Story of Christmas Carols" will be brought to the Antioch Women's Club by Miss Dorothy Posey with Lee Moore providing piano accompaniment when the group meets in the Scout House at 1:30 p. m. Monday, Dec. 5.

A lecturer and world traveler, she has given addresses in countries ranging from Venezuela to Ireland and before a recent departure for foreign lands, she was interviewed by Bob Elson on his Twentieth Century Limited. During World War II, Miss Posey was one of the members of the Women's Speakers Bureau of the United States Treasury Department and is now active in the Speaker's Division of the American Red Cross. She reviews books regularly for Books on Trial.

Mrs. A. N. Stanish will be assisted in hostess duties by Mesdames Joe Patrovsky, Sr., Frank Vanc, Warren Polley, Boyer Nelson, Maurice Radke, Melvin Stillson, Albert Dittman and Harry Lubeno.

Antioch High School's Christmas Gift Concert Announced for Dec. 18

One hundred fifty music students from Antioch Township High School will present the annual "Gift to the Community" Christmas concert.

The concert will be held on Sunday afternoon, December 18, in the high school auditorium. Following the concert a Christmas reception for students, parents and friends, and the public will be held in the gymnasium.

As a Christmas gift from the high school to the community no admission is charged for either the performance or the reception.

The Christmas Gift Concert is looked forward to each year as one of the most enjoyable musical events of the year. This year's concert will emphasize both sacred and secular aspects of the holiday season. Guest of honor will be old Santa Claus with treats for the kiddies and good cheer for all.

4-H Club Representatives Visit Lake Bluff Home

Emily and Shirley Reinchenbach and Barbara Kisel represented the Antioch Acorns 4-H Club in a visit at the Lake Bluff Children's home Saturday afternoon in presenting to the home goodies donated by the club. They plan to visit the home again before Christmas. The girls were accompanied by their leaders, Florence Dittmer, Lorie Kisel and Louise Reinchenbach, and had a most interesting tour of the home led by W. E. Lornell, superintendent.

The club will have a pot luck Christmas party Dec. 7 at the Scout House through the courtesy of their sponsors, the Lake Region Home Bureau. There will be a special meeting Monday after school at the Scout House.

Mr. and Mrs. Irving Elms had a Thanksgiving week end guests, their daughter and husband, Mr. and Mrs. Harry Bothe and two sons of Detroit, Mich.

Mrs. L. V. Sittler in company with Mr. and Mrs. Robert Irish and family were guests of Mr. and Mrs. Clifford Elsbury at Gurnee, Thanksgiving day.

Antioch's Assembly of Order of the Rainbow for girls celebrated its fifteenth anniversary Saturday at the Grade School gymnasium in the presence of a large crowd of members, guests and spectators.

Mrs. Mary S. Abt of Belleville, supreme inspector for Rainbow in Illinois, and Diane Jones of Blue Island, grand worthy advisor of Illinois, were among the honored guests.

Nancy Quinn, past worthy advisor, related the group's history which showed that Waukegan chapter was an outgrowth of the local one and that 24 girls had been initiated in 1955 to become a part of the 217 initiated in the last 15 years.

A number of past worthy advisors were seated upon the stage with Mrs. Lillian Gaa, first mother advisor, Miss Betty Lu Williams and Mrs. Martha Hunter, past mother advisors.

Marilu Bushing, associate worthy advisor, read messages from past worthy advisors who were unable to attend with Mrs. Anne Heath, mother advisor, and Phyllis Pincombe, worthy advisor, appearing on the program which was intermingled with appropriate selections by Rudy Wagner, pianist; Lida Da Valla, soprano; Ernest McLean, baritone, and Earl Swaller, violinist, professional musicians, secured by Fred Swanson, past potentate of the Medina Temple in Chicago.

Waukegan Commandery, Knights Templars and DeMolay boys served as ushers to the Rainbow assemblage which included all of the present Rainbow Girls.

The Rev. L. H. Messersmith, Millburn Congregational minister, gave the invocation and benediction. A social hour concluded the evening.

Santa Greets Children

Lake Villa Woman's Club To Have Program Dec. 2, Open to Public

Mrs. Theodore Belke, president of the Lake Villa Woman's Club, expects a good attendance at their benefit presentation of Mrs. Joel Keil's "Christmas Throughout the House" on Friday, Dec. 2, at 8 p. m., in the Lake Villa Elementary School gymnasium.

Mrs. Keil's ideas on adding a little glitter and glamour to your home and gifts at Christmas will be presented in a lecture demonstration manner. She will show just how to do or make each item. Notebooks and pencils could be used for recording ideas. Materials and supplies for the ideas will be sold by members of the Lake Villa Woman's Club.

Tickets may be secured from Mrs. P. E. Bocox, Box 211, Lake Villa, other Woman's Club members, or at the gymnasium the night of the performance.

Winn Addresses Lions Club

Walter Winn of Richmond, president of the Pure Milk Association, was the Antioch Lions Club speaker Monday at Smart's Country House. His subject was "Farm Production Today."

Winn compared production today to that of former years and explained the need for the government to buy surpluses to assure the farmer a living standard comparable to that of other workers.

Channel Lake Community Club to Meet December 5

Members of the Channel Lake Community Club will be entertained by a skit written and produced by one of the grades at the school. This feature is one which was instituted at the last meeting and was very well received.

Next meeting of the club will be held at the school on Monday, Dec. 5, and pupils of Mrs. Behling's room will entertain.

A report on the highly successful turkey dinner recently was made at the last meeting. Things to come for meetings in the future include showing of movies at the January meeting.

Lake Villa Woman's Club

Mrs. Dottie Romer entertained the Lake Villa Woman's Club at her home Tuesday evening.

President Mrs. Virginia Belke presided over the business session. The height of discussion was the Christmas Home Decoration party planned for Dec. 2, at 8 p. m. at the Lake Villa Grade School gym. The tickets are being sold now by members and also at the door that evening.

Plans were made to send Christmas presents to friends of members in the Armed Forces who will be away from home at Christmas time.

Mrs. Amy Prossie gave a delightful report on "This is Gizzle" or the "Education of a Father" by Bentz Plagemann.

The hostess and co-hostess Mrs. Florence Yancy and Mrs. Emma Williamson served delicious sandwich loaf and coffee to guests Mrs. Pat Martinson and Mrs. George Camphausen, and all members attending.

Combination Mailing.....

(continued from page 1)

any other method.

The enclosures inside the package should preferably be placed on top of the other items in the package.

Under the old regulation, mailers who found it impractical to use combination containers were forced to use two separate pieces of mail instead of one, the Postmaster General explained.

"We feel certain mailers will welcome this more convenient system for mailing different classes of mail together," Mr. Summerfield added. "Over the years, thousands of letters have been received requesting this kind of service. We are here to serve the public, and are especially pleased that we can introduce Combination mailings before the Christmas season when so many Americans depend upon the Department for delivery of their gifts and personal messages."

Among the postal patrons needing to send two classes of mail together, Mr. Summerfield also cited business firms sending substitute

products and wanting to explain why that was done; magazine publishers sending gift certificates naming the donor with first copies of their publications to new subscribers; manufacturers sending operational, maintenance and repair instructions with household appli-

ances; and companies including sales letters with samples of merchandise.

The new "Combination" mail service, effective November 28, is on a 60-day trial basis. During this period, the comments of the public will be welcomed.

Formal Opening of New Hudson Dealership at Maplethorpe's Today

The appointment of the Main Garage, Antioch, Ill., as a new Hudson dealership has been confirmed by N. K. VanDerzee, sales vice-president for the Hudson Motors Division of American Motors Corporation.

James Maplethorpe heads the new dealership, latest addition to Hudson's expanding and nation-wide retail sales organization.

A formal opening of Maplethorpe's company as a dealer in Hudson Hornet, Wasp, Rambler, and Metropolitan dealership will offer complete, authorized Hudson service, parts, and accessories.

"We have made a careful and complete investigation of the motorcar industry and its current product and it seems certain to us that the beautiful new Hudsons with their many exclusive features will meet with wide public approval in this area," Maplethorpe said.

"The 1956 Hudson line provides a model of outstanding value to fit every car buyer's budget," he said. "For the discriminating, there's the sleek new Hudson Hornets featuring V-line styling, a choice of three great engines including a powerful new 220 horsepower V-8 and superb riding qualities, making this car the standard of the fine-car field. The smart new Wasp, lower-priced running mate to the Hornet, also features the V-line styling, deep-coil suspension and built-in economy. The completely new Rambler has attracted automobile enthusiasts everywhere, and the Metropolitan market is steadily increasing."

Mr. Maplethorpe said the 1956 passenger car line includes a custom four door sedan and a two door Hollywood hardtop in the Hornet V-8 series; a super and custom four door sedan and custom two door Hollywood hardtop in the Hornet "Six" series; and a four door sedan in the Wasp series.

Dull November Days

There's something soft and cuddly like

When cold begins to creep. Dame Nature seems to say, "Be still! I'm puttin' things to sleep." And when the snow begins to fly She's layin' blankets white To keep 'er children snug, an' warm, An' safe from chill an' blight. When all the sky is twilight gray An' trees stand stark an' bare, Ye think, "This is a changin' world." Ye're glad ye're going where Th' leaves an' flowers don't ever fade.

An' moons don't wax an' wane, Where all ye know is peace an' joy, Fergettin' tears an' pain. Most folks prefer th' skies o' June, Er blossom time in Mays, But there's somethin' downright comfortin' In dull November days.

Driving's Exciting Again!

Greatest "Go" On Wheels

No other car performs like a Pontiac because Pontiac alone has the Strato-Streak V-8—most modern and efficient power plant in the industry. And for 1956 this great engine delivers 227 blazing horsepower with an ease and smoothness that must be experienced to be believed. For the "go" of the year, go Pontiac.

Let's say you have just logged an extra-long day's mileage in your '56 Pontiac. Your clock tells you it's time to stop for the night.

Then it comes to you. You don't want to stop! You just want to keep on and on, piloting this sweet, singing beauty wherever fancy points.

Sound like a wonderful dream? It happens time and again to owners of this fabulous new car. And the lure that leads them on and on is the exciting performance of Pontiac's great new Strato-Streak V-8 engine

... the most thrilling performance on the American highway.

Traffic's a delight in this agile car. Power flows smooth as oil when you leave a light, and with the sharp authority of 227 blazing "horses". Brakes respond with crisp, new certainty. The wheel answers fast as pointing your finger. You're driving with a confidence you've never felt before!

And highway touring is pure pleasure! You swing the curves with new sure-footed certainty ... clear a high hill or sweep

safely past a loiterer on the road with the happy assurance that you command the greatest "go" on wheels.

And when you settle down to cruising speed on an open highway—that's the real payoff on your good judgment! This is living in a wonderful new way. Driving's exciting again!

Come in and try it—you can prove it in 10 minutes as easily as in 10 hours. And you'll prove something else ... Pontiac's glamour matches its "go"—it's the greatest on the road!

Test the all-new thrills

of the fabulous

Antioch Firemen Hear Lecture on LP Gas at Gurnee County Meeting

Antioch firemen attending the county meeting of firemen at Gurnee Monday night were informed by a speaker that the best way of fighting liquid petroleum gas if it doesn't ignite is to break it up through the use of fog, now a common spray.

LP gas, like mustard gas, has a tendency to hold together and drift to low places where it may remain for a time and ignite if there is a fire around. The fog dissipates it.

If the gas ignites, there is nothing to do but turn it off, if possible or let it burn, Chief Edgar Simonsen, local chief, was informed.

The firemen met in the American Legion home and after the speech watched a movie entitled "Beyond the Andes" in which flesh-eating fish were shown. A lunch was then served.

Members of the county association are setting up a schedule of meeting places for the annual convention. It will be entertained next year by Libertyville.

A.T.H.S. Senior Girls To Take Examination For Homemaking Prize

"Homemakers of Tomorrow Day" will be observed here next Tuesday.

A startling total of 256,534 career-minded graduating girls in 10,222 of the nation's high schools simultaneously that day will test their aptitude for the career that awaits eight of 10 of them—homemaking.

Included will be the senior girls of Antioch Township High school who have been enrolled in the search for the American Homemaker of Tomorrow.

General Mills, sponsor of this \$100,000 scholarship program designed to assist the schools in homemaking education, announced this huge participation of nearly half of the nation's high schools today. Last year, 187,463 girls in 8,040 schools were enrolled.

A total of 466 schools and 14,389 girls in this state will take the 50-minute written homemaking examination which will be the basis for selecting the school and state Homemakers of Tomorrow. The examination paper of the girl receiving the highest test score in each school will be entered in state competition with each state Homemaker of Tomorrow receiving a \$1,500 scholarship and each state runner-up a \$500 scholarship.

The 48 state winners and the representative from the District of Columbia, with their advisors, will tour Washington, colonial Williamsburg, Va., and Philadelphia April 8-12 when interviews will combine with the test score in determining the All-American Homemaker of Tomorrow who will be selected April 12. Her scholarship will be increased to \$5,000.

Each girl who takes the test will receive a homemaking guide. Each school winner will receive a golden Homemaker of Tomorrow pin designed by Trifari and her school will receive a cook book. The school of each state winner will receive a set of the Encyclopedia Britannica.

Illinois, West Virginia Have Most Regressive Tax in United States

Urbana-Champaign, Ill.—Illinois and West Virginia have the most regressive tax systems in the United States, a University of Illinois economist said today.

For the benefit of those who may not know what makes a tax regressive, Prof. A. Stuart Hall explains that such a tax, when expressed as a percentage of personal income, bears more heavily on persons with low income than on those at higher income levels.

Illinois collects 88.8 per cent (West Virginia, 89 per cent) of its revenue from its general sales tax, taxes on tobacco and alcoholic beverages, motor fuels, motor vehicle registration and operators' licenses, and on gross receipts of public utilities. New York collects only a third of its revenue from these taxes, and Wisconsin only 38 per cent.

Prof. Hall points out that the "temporary" increase in the Illinois sales tax rate which became effective this year has intensified the regressiveness since it continues to exempt savings, outlays for educational, recreational, and medical services which usually bulk larger in the budgets of the well-to-do.

Mr. and Mrs. Donald Cramer are now residing at 1107 Bishop st. in the residence formerly occupied by the Richard Scott family and more recently by Dr. and Mrs. Raimundo Rodriguez.

Mr. Edwards in Hospital
William C. Edwards, Ida Avenue, has been a medical patient at Victory Memorial hospital since Friday. He expects to return home some time this week.
